Annual Award 10-000-53461

Name of Award: Alberta Traditional Bowhunters Association Award

Number: One award annually

Value: \$500

Type: Continuing

Eligibility: Awarded to a full-time Lethbridge College student enrolled in either the Ecosystems Management – Bachelor of Applied Science program or the Conservation Enforcement – Bachelor of Applied Science program, who has successfully completed year three and is continuing on to year four.

Criteria: Awarded to a student who demonstrates a personal commitment to promoting the ethical pursuit of wildlife and the management of game and habitat. Preference is given to students that are friendly to the hunting community and/or are members of, or a dependent of, a member of the Alberta Traditional Bowhunters Association.

Application: Online application required.

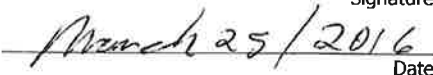

Selection Committee: The Lethbridge College Student Awards office, along with faculty in the program, would make the appropriate determination as to eligible recipient.

Summary: This \$500 award is made available through a three year commitment by the Alberta Traditional Bowhunters Association. The inaugural year of this award is 2016.

I agree with the terms and conditions outlined in this letter:
